320W LAMP REORDER CODE: 57626

100W ORDER CODE: AS100WFL

100W LAMP REORDER CODE: 50340

Uni-Form® Pulse Start Metal Halide Lamps

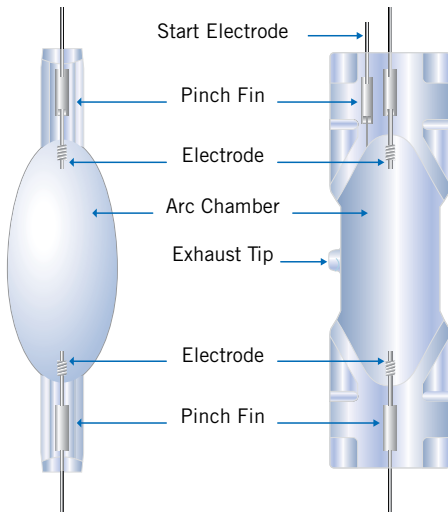

Uni-Form® Pulse Start Metal Halide lamps provide superior performance compared to traditional metal halide lamps. The specific benefits are higher efficiency, better colour uniformity, faster warm-up, improved lumen maintenance and longer life.

It all takes place in Venture's revolutionary formed-body arc tube. Venture's Uni-Form® pulse start lamps provide higher initial light output and significantly more maintained light over time compared to standard metal halide lamps.

UNI-FORM
PULSE START METAL HALIDE LIGHTING SYSTEMS

Uni-Form® Formed-body
Pulse Start Arc Tube

Standard Pinched Body
Probe Start Arc Tube

Compared to standard metal halide, Uni-Form® arc tube lamps offer:

- Longer lamp life
- Enhanced lumen maintenance
- Excellent colour uniformity
- Hot restart in less than half the time
- 50% faster warm-up
- Shrouded open fixture protection
- UV Shield® - Blocks nearly all damaging UV output
